Support for policy makers – Programme level collaboration between national R&I programmes: [HORIZON-WIDERA-2022-ERA-01-10](https://ec.europa.eu/horizon-widera/2022-era-01-10)

- **Coordination and Support Actions**
- **Particularly directed at Funders, Joint Calls without cofund, complementary action to Partnerships**
- Call budget: **7.5 M€**
- Proposals: **between 2 M€ and 3 M€**
- Funding: **2 and 3 projects**
- Project Duration: **n.a.**
- Consortia do not have pre-conditions associated to Widening Countries. A number of non-EU/non-Associated Countries that are not automatically eligible for funding have made specific provisions for making funding available for their participants in Horizon Europe project.

EXPECTED OUTCOMES

- Identification of common research and innovation priorities agreed among the participating national and regional R&I programmes, taking into account international developments where relevant;
- Implementation of multiannual joint calls, resulting in the funding of transnational collaborative R&I projects;
- Implementation of other joint activities supporting the market, regulatory or societal uptake of results;
- Contribution to participating states meeting Global Challenges, including relevant contribution to the SDGs.

Note: The successful proposal should align national and regional research funding programmes (managed by national or regional programme owners / managers) on agreed common priorities and implement joint calls for transnational R&I projects as well as other joint calls.

CALL OPENS: 19 JANUARY 2022
CALL DEADLINE: 20 APRIL 2022

An experimentation space for the uptake and use of R&I results for EU resilience and future preparedness: [HORIZON-WIDERA-2022-ERA-01-32](https://ec.europa.eu/horizon-widera/2022-era-01-32)

- **Coordination and Support Actions**
- **Increasing the visibility and fostering the use of R&I results**
- Call budget: **3 M€**
- Proposals: **3 M€**
- Funding: **1 project**
- Project Duration: **n.a.**
- Consortia do not have pre-conditions associated to Widening Countries. Beneficiaries may provide financial support to third parties. The support to third parties can only be provided in the form of grants. The maximum amount to be granted to each third party is EUR 60 000.

EXPECTED OUTCOMES

- Design of appropriate trial mechanisms that will test research findings, which can be translated to policy and new societal solutions;
- Links with related knowledge management activities by the European Commission, including the European Commission's Knowledge Centres and the Knowledge for Policy Platform hosted by the Joint Research Centre;
- A methodology and toolbox to design and implement testing of policy relevant findings;
- A knowledge base of EU research findings, with high capacity to inform policy and engage citizens and research communities;
- Lessons learnt to enhance the use of R&I results to enable fast response in the face of future crises and strengthen economic and social resilience;

CALL OPENS: 19 JANUARY 2022
CALL DEADLINE: 20 APRIL 2022

Testing of the ERA Hub concept – pilot phase: [HORIZON-WIDERA-2022-ERA-01-30](#)

- **Coordination and Support Actions**
- **Build on H2020 Knowledge Ecosystems**
- Call budget: **3.0 M€**
- Proposals: **ca. 1.5 M€**
- Funding: **2 projects**
- Project Duration: **n.a.**
- Consortia do not have pre-conditions associated to Widening Countries. A number of non-EU/non-Associated Countries that are not automatically eligible for funding have made specific provisions for making funding available for their participants in Horizon Europe projects.
- Cross-cutting priorities:
 - Africa

EXPECTED OUTCOMES

- Test the new ERA Hubs concept across different geographies and structures in Europe;
- Coordinate relationships between the ERA and relevant national or regional stakeholders;
- Develop a common platform for collaboration and best practice sharing across borders, sectors and disciplines on knowledge production, circulation and use;
- Interoperability of the European ecosystems and the intra-operability within each territorial ecosystem;
- Facilitate a better circulation and absorption of talents in countries/regions;
- Provide a toolbox of best practices for researchers, innovators, industry and institutions across Europe to cooperate.

CALL OPENS: 19 JANUARY 2022
CALL DEADLINE: 20 APRIL 2022

Stepping-up institutional and territorial changes towards open and responsible research and innovation: [HORIZON-WIDERA-2022-ERA-01-40](#)

- **Coordination and Support Actions**
- **R&I Institutions as enablers of open research and innovation towards society**
- Call budget: **5 M€**
- Proposals: **5 M€**
- Funding: **1 project**
- Project Duration: **n.a.**
- Consortia do not have pre-conditions associated to Widening Countries. Several rules apply to beneficiaries, including third parties and dissemination rules.

EXPECTED OUTCOMES

- Consolidated evidence base on sustainable institutional and territorial changes towards open and responsible research and innovation;
- A central point of expertise providing services and support for research and innovation institutions, and territories, to open up to society;
- A significant number of institutions and territories in the European Research Area (ERA) improve the excellence of their research and innovation, promote gender equality, and reduce instances of ethical misconduct;
- Reduction in disparities between institutions and territories in terms of their attention to open and responsible research and innovation.

Note: Action divided in three parts (mandatory to be addressed).

CALL OPENS: 19 JANUARY 2022
CALL DEADLINE: 20 APRIL 2022

Increasing the reproducibility of scientific results:

[HORIZON-WIDERA-2022-ERA-01-41](#)

- **Research and Innovation Actions**
- **Reproducibility of research results, best practices and policy support**
- Call budget: **4 M€**
- Proposals: **2 M€**
- Funding: **2 projects**
- Project Duration: **n.a.**
- Consortia do not have pre-conditions associated to Widening Countries. Beneficiaries must make proactive efforts to freely share, in a timely manner and as appropriate, all relevant results with the other grants awarded from the same call topic. Beneficiaries must acknowledge and incorporate these obligations in the proposal, outlining the efforts they will make towards meeting them.

EXPECTED OUTCOMES

- Structured understanding of the underlying drivers, of concrete and effective interventions - funding, community-based, technical and policy - to increase reproducibility of the results of R&I and of their benefits;
- Effective solutions, policy-, technical- and practice-based, to increase the reproducibility of R&I results in funding programmes, in communities and in the dissemination of scientific results;
- Greater collaboration, alignment of practices and joint action by stakeholders to increase reproducibility, including but not limited to training, specialised careers and guidelines for best practice;
- Funded action(s) will adhere to best practices in open science and reproducibility.
